

WinGrodan 2/Swimify users should now use support.swimify.com

2024-02-27 - Erik Fornander - [Kommentarer \(0\)](#) - [General](#)

WinGrodan 2/Swimify users should start using <https://support.swimify.com> to download the software and also to get support for the software instead of using this site support.iccm mediasport.com.

In the future you will not be able to download WinGrodan 2/Swimify software from support.iccm mediasport.com.

The sites support.swimify.com and support.iccm mediasport.com uses the same user system so you should have the same login when you go to support.swimify.com as you do on support.iccm mediasport.com.

If you do not remember your login and password for our support sites then you can click the link called "Need a password reminder?" as seen in the image below.

A screenshot of the Swimify login interface. At the top, there is a language selector showing "English" with a dropdown arrow, a blue "Contact Us" button, and a "Log in" link. Below this is a login form with a white background and a subtle shadow. The form contains the text "New to Swimify Help Center? [Register for an account](#)" in blue. It has two input fields: "Email Address" and "Password". Below these is a checkbox labeled "Stay Logged In?". A blue "Log in" button is at the bottom of the form. A red rectangular box highlights a link at the bottom of the form that says "Need a password reminder?". In the bottom left corner of the page, there is a small blue gear icon.
